

Rescheduling of Engineering Services Examination 2025

The Government has decided to include the Engineering streams (Civil, Electrical, Mechanical, Signal & Telecommunication and Stores Sub-cadres) of Indian Railway Management Service as participating services in the Engineering Services Examination, 2025. As such the one week Correction / Edit Window, which was scheduled to be opened from 9th October 2024, has been put on hold. The same will be available on Commission's website shortly, alongwith opening of the online application window for fresh candidates who want to participate in this Examination.
